Welcome to Campbell from the Peer Mentor Program! This message is just to give you a brief introduction to the program and a quick forecast of what is coming ahead.

First, Ben Brodish and I are the Co-Directors of this year’s Peer Mentor Program. The Peer Mentor Program is in place to provide first-year students with a “fearless feedback” environment. The goal of the program is for first-year students to feel like they have a place where they can ask questions, seek advice, and give feedback to their second and third-year student mentors on their experience at Campbell. This program is unique in that it is not academically focused. You will find that your Peer Mentors have a wide-variety of experiences at Campbell and beyond. I can personally say that my first-year experience was much better with the assistance of my Peer Mentors. I was able to obtain personal advice on study strategies, internships, and course options that were extremely helpful to me as I went through my first year. We hope that over your first year you find the Peer Mentor Program to be just as helpful to you and that you eventually choose to participate in the program later in your Campbell career.

Second, over the next few days of orientation you will have the opportunity to interact with your personal peer mentors. On Wednesday, you will have your first opportunity to meet with your mentors as a group. Lunch will be provided and this will be a great opportunity to get to know your fellow students and mentors in a more relaxed environment. Attached to this email you will find a list of all students and peer mentors. Please find yourself on this list and then glance at the list below to find your room number for the lunch on Wednesday. Lunch will be available in the foyer and then you will go to the assigned room below to find your group. The groups are based on the Group Leader assigned for the group.

**Group Leader - Room Number**
- Aaron - 307
- Harsh - 308
- Kelsey - 309
- Daniel - 310
- Zoe - 311
- Paige - 414
- Margaret - 415
- Hillary - 416

Also, on Thursday you will participate in service projects around Raleigh. Your peer mentors will be participating in these projects with you as well.

You’re going to have a lot thrown at you over the coming days and weeks. From Ben, myself, and all of those involved in the Peer Mentor Program, please know that we are here to help you with anything you may need. If we can’t help you, we will be sure to find out who can.

Thanks and have a great week!

Alex, Ben, & the rest of the Peer Mentor Program
